Dear Parade College Families,

We were greatly saddened on Friday with the news of the death of Mr Paul Crowe, a long-serving teacher at the College for 33 years. Paul was also an Old Paradian – Class of 1973. Paul was diagnosed with MND early in 2015 and despite battling the illness was still determined to farewell his colleagues and tutor boys, which he did late last year.

Paul started teaching at Parade College in 1984 at the former Edmund Rice Campus, which at the time was located at the back of the Bundoora property. In 1987 he moved to the then Mt Sion Campus and was a Year 8 Homeroom Teacher. Paul then moved into a Year Level Coordinator’s role at Year 8 a few years later. Paul taught in the English, Religious Education, Mathematics and Humanities faculties and was later one of our first tutor teachers (H18) when we moved to a tutor based House system. Paul also coached some of our junior sporting teams and was a regular on our Year 7 camps. In his 33 years as a teacher at the College Paul worked with many staff and taught thousands of boys.

Paul was a gentle man who was extremely passionate about his students and the College. In the last few days the College has received many kind messages from past students and present families on the positive impact that Paul had on the students he taught. His impact on the boys both academically and pastorally was clearly evident and testament to his caring nature and teaching abilities.

Paul’s funeral will be held in College Hall at our Bundoora Campus on Friday morning at 10am.

We ask that you keep Paul’s family in your thoughts and prayers at this difficult time.

He will be deeply missed.

May God continue to bless Paul and his family.
Working Bee
Sunday 21 August
8.00am to 12.30pm
Bundoora & Preston Campuses

We invite as many families as possible come to our second semester Working Bee this Sunday at both the Preston and Bundoora Campuses, starting at 8.00am

There are many different jobs that need to be done including

- Spreading soil & seed
- Removing plant cuttings
- Fixing exam tables
- Installing shelves
- Emptying offices and storerooms
- Cleaning trestle tables and BBQ’s

Earn $60 per family credited to your fee account simply for attending a minimum of three hours

Mums, Dads, Students and Guardians all welcome

Thank you to POP, the Parents of Parade Committee, who will be cooking a sausage sizzle for lunch
From the Assistant Principal - Student Welfare

Many families would be aware of the Royal Commission into Institutional Child Abuse which has been running nationwide for some time now. As members of a community, we all have a moral obligation to protect any child under our care and supervision from foreseeable harm.

As a school, Parade College has an especially critical role in protecting our students – this has been our aim in the past and continues to be into the future, incorporating now a range of new legal obligations around Child Safety arising from the Royal Commission.

Over the last eight months, the College has been engaged in a process of reviewing all our policies relating directly to students to ensure that we meet the new obligations. We have made some changes to a number of our practices to ensure that we meet the new laws and requirements – these have included reviewing our interviewing and screening processes for new staff and risk management assessments of activities for students both internal and external to the College. All staff at both campuses:

- have been briefed on re-developed and new policies to incorporate the new laws and requirements;
- have been provided with professional learning on the Child Safety Code of Conduct from Victorian Registration and Qualifications Authority, an organisation which has been overseeing the implementation of the changes in schools;
- have been provided with professional learning on the process in place at the College to manage situations where we form concerns for the well-being of a child in our care.

Parade has a statement of Commitment to Child Safety on our website and we will continue to do all in our power to protect the safety of the young people in our care.

Miss Regina Rowan
Assistant Principal - Student Welfare

Student Progress Interviews

Please take note of the following dates in your diaries:

The second of the Term 3 Parent/Teacher Interviews will be held on Tuesday 13 September for Year 7 to 12 students from 2.00pm to 9.00pm.

Bookings will open on Monday 29 August at 4.00pm via the Parent Portal, and will close at 9.00am on Tuesday 13 September.

Interim Reports will be released to parents on the Portal on Monday 5 September at 10.00am

Reminder: Tuesday 13 September is a Student Free Day

Science Talent Search - Drones, Robotics and Droids

For the fourth year in a row our Preston campus hosted the Judging Day for the Photography and Video Production sections of the Science Talent Search (STS).

More than three hundred entries from primary and secondary students from across Victoria were judged by Science teachers on Saturday 6 August.

Our Advanced Placement students from both campuses submitted thirty group entries for these two categories. Our Year 7 to 9 Advanced Placement Science teachers provided a wide variety of opportunities to enable our students to pursue scientific investigations of interest in Robotics and Drones.

Thanks to Dr Moore, the Leadership Team and Mrs Sally Ryan, Preston Campus Coordinator, for supporting this important event.

Dr Edison Shamoail
Advanced Placement Coordinator Preston Campus

From the Director of High Performance Sport

Clay Target Championships
Congratulations to all students who competed in the Clay Target Shooting Championships at the Frankston Clay Target Shooting Club on Thursday 4 August. They all performed extremely well with Gianni Busa (Year 12 L08 – pictured left) hitting sixteen out of twenty targets to finish fourth in the Senior Competition and Samuel Russo (Year 7 T20 – pictured right) hitting fourteen out of twenty targets to finish fourth in the Junior competition.

Basketball Skill Development Training
Basketball skill development training commences on Monday 22 August from 3.30pm to 4.30pm and will continue on Monday 29 August, 5 September and 12 September. These sessions have been developed for all students wishing to improve their basketball skills.

ACC Cross Country
A reminder to all students wishing to be involved in the ACC Cross Country that training is taking place each Tuesday and Thursday morning from 7.30am to 8.00am.

Mr Phillip Gaut
Director of High Performance Sport

Don’t Forget
Working Bee this Sunday 21 August
8.00am to 12.30pm
Preston and Bundoora Campuses

To report student absences daily, please call
Student Services
Bundoora 9468 3342 or Preston 9416 6533
It is a condition of travelling on the PTV College Bus Network that students carry a relevant College Bus Pass (printed on the reverse of their College ID card) and have a MYKI card with sufficient credit for the fare. In addition, if the student is 17+ years old they must also carry a PTV Concession Card.

The Parade College buses that operate under this PTV system include:

**Route F** to Regent Station;
**Route G** to Reservoir North, Massey Ave;
**Route H** to Botanica Park & Thomastown Station;
**Route K** to South Morang, Whittlesea & Humevale
**Route L** to Apollo Parkways & St Helena;
**Route M** to St Thomas PS & Yarrambat;
**Route N** to Greensborough Station;
**Route P** to McDonalds Rd Epping, Pindari Ave Mill Park;
**Route Q** to Blossom Park & Mill Park;
**Route R** to 5th Morang Station & Mill Park Lakes

Students travelling on our College CHARTER Bus Network need to carry and show their College Bus Pass whenever asked.

If you have any questions regarding this please contact me at the College on 9468-3372.

*Mr Kevin Bourke*

*Logistics and Environment Manager*
Churinga Football Practice

Every year the Year 12 VCAL class is involved in the annual Churinga/Brimbank Football match. This is a football match between two local centres for disabled young people. The VCAL boys help to organise the game together with Ms Morello and her Community Action group.

Parade College hosts the game each year at the end of Term 3 at the Garvey Oval, Bundoora Campus. As preparation for this match the Year 12 VCAL boys have organised a coaching squad that began working with the young people from Churinga, Greenbough, every Monday in Term 2 and will continue their training sessions throughout Term 3. The Brimbank team from the western suburbs is also being trained by a VCAL group from a school in the western suburbs.

All Year 12 VCAL boys are involved with the preparation of this game. As well as a training group we also have a catering group, who are involved with making lunch for all the spectators, a social group, who help with making our guests feel welcomed, a media group who take pictures and will create a film at the end of this activity, and other groups that make sure the day is a success.

Good luck to all of the boys involved with this special event.

Mr Joe Herran
VCAL Convenor

Enrolments for Year 7 2018

Applications for Year 7 2018 are now being accepted. If you currently have a son enrolled at the College you are still required to submit an application for younger siblings.

Please contact me on 9468 3304 or via email registrar@parade.vic.edu.au if you require an enrolment form.

Alternatively, application forms can be downloaded from our website.

The enrolment timeline for Year 7 2018 enrolments remains the same and applications close on Friday, 27 February 2017.

Enrolments for Year 7 2019 and beyond – change to timeline

The timeline for enrolment into secondary school has recently changed and will impact on boys who are currently in Year 4 and younger. This will mean that families with Year 4 boys will need to make application to a Catholic secondary school in Year 4 or Year 5 by Friday, 25 August 2017.

The important dates are listed below:

- **Friday 25 August 2017**
  Applications close
- **Friday 13 October 2017**
  Offers of places to prospective students to be posted
- **Friday 27 October 2017**
  Final date for families to accept/decline offers

Mrs Angela O’Connor
Registrar
PARENTS OF SONS WITH AUTISM/ASPERGERS

Information Sharing Evening

Since 2014, Parade has provided a series of information evenings for parents to explore the many issues faced by students on the autism spectrum. We have learned from ‘the experts’.

Parade’s Student Support Services recognises that you are also an expert. You might not realise it, but you have much experience and knowledge developed over the years as a mother or father of a son with ASD.

So, we are inviting parents to an informal get-together, over a light supper, to share your experiences, information and advice. If you prefer not to talk about your own experience – that’s fine! You are welcome to simply listen to others. Staff from Student Support and Counselling Services will also be present to answer questions as well. If there are questions we can’t answer on the night, we will look into it for our next session.

Date: Thursday, 1 September 2016
Time: 7.00pm for 7.30pm start
Venue: Yarangabee Centre, Bundoora Campus
RSVP: to Cheema Brondolino - cheema.brondolino@parade.vic.edu.au by Monday 29 August if you are able to attend
Support for Students on the Autism Spectrum

“We don’t have this label ‘Autism Spectrum’ for people to be saying ‘I Can’t’. We have it so people can say ‘I CAN’.”

– Chris Varney, Founder of the I CAN Network

The I CAN Network was formed in September 2013, in response to the momentum from Founder Chris Varney’s TEDx, ‘Autism – How My Unstoppable Mother Proved the Experts Wrong’.

The first Australian Social Enterprise of its kind, I CAN Network delivers a mentoring program for people on the Autism Spectrum across primary and secondary schools, universities and TAFEs and workplaces. Its point of difference is that the program is delivered by mentors who are on the Spectrum, typically people who are at university/ TAFE or a young professional.

I CAN places an emphasis on leadership and develops pathways for young people on the Spectrum, including their progression into an I CAN Mentor where, depending on the network, they can earn a casual wage to deliver mentoring to others on the Spectrum. I CAN Network has experienced high success with this model and has attracted a lot of national media and government interest in its deliberate approach working through people on the Spectrum.

The aim of the I CAN student mentoring is to develop strong leadership and communication skills in a safe, inclusive and encouraging environment.

Parade College recognises the importance and value in holistically embracing the ‘AWetism’ rethink message and are very pleased to have joined the I CAN Network. We are currently running an I CAN student mentoring group every fortnight this semester. In addition, we have had the privilege of I CAN presenters sharing their own I CAN journey with parents and staff at the Term 2 ASD Parent Forum and at an I CAN Staff presentation last Thursday.

If you or your son would like to know more about the I CAN network or Parade’s I CAN mentoring program, please contact Reanna Timoney at the College 9468 3300.

Mrs Reanna Timoney
Additional Needs Coordinator Years 9-12
Introducing our Year 12 VCAL Students

My name is Uday Moudgill. I'm 17 years old and I'm in Year 12 VCAL at Parade College. I like playing football and currently play Northern Saints. I am from India. I came to Australia in 2008 and started school in Australia in Year 5.

The VCAL course I'm doing at Parade includes the following subjects; Literacy, Numeracy, Personal Development Skills, Work Related Skills, Business Certificate. For my VET subjects I do Plumbing and Electro Technology. Plumbing is one subject I really enjoy doing. I really enjoy coming to school as a part of the VCAL program. All the teachers are really nice and help all the student's through their work. Mr Herran is always helping out all the boys with their work and we can always go up to him ask for help and he helps us to be successful.

Of my two VET subjects, Plumbing is more enjoyable and it's more hands on in the classroom. It is really good because all the student's help each other out. In Electro Technology the work is hard because there is lots of maths involved.

We do work experience at the end of every term. One of my best experiences was when I worked at a motor bike shop. One of jobs I had to do was to strip the bikes down and take what I could out of them and put it in the second hand box to be sold. I sometimes did little jobs like getting everyone coffees and lunches. I was always thinking about what I was doing because I didn’t want to put myself or others in danger of injury.

I have several ideas about what I might do next year. I wouldn't mind getting an apprenticeship in either plumbing or plastering. If this doesn’t happen then I want to go to TAFE and do a Criminal Justice Course.

Hi, I'm John Verga and I'm doing year 12 VCAL at the Preston campus. The five subjects I take for my VCAL class are:

- **Literacy** helps us to develop our grammar, reading and writing skills all of which make up a big part of our day to day lives.
- **Numeracy** teaches us the maths that is needed in a normal day to day life, whether it be figuring out the cost of a holiday or the devaluation of cars. All of which help you make good decisions with your money.
- **Personal Development Skills** teach us about making good decisions, like when you go out what the consequences could be if you are drink driving and speeding. These sort of tasks teach us to prevent them happening.
- **Work Related Skills** teaches us all you need to know when about a workplace; the topics that they talk about are work safe, your rights, pros and cons of joining a union and all other topics. These sort of tasks teach us what we can and can't do so when we get into the work force we are prepared.
- **Certificate III and IV Information and Digital Technology**; I am currently completing my Certificate IV in Digital Technology at Integrity Business College, the course consists of building and maintaining networks and servers, installing operating systems and building websites. All of which will help us in the future when working in the industry.

**Work Placement and Work Experience**; in 2015 I was working at a company called Efront, a web agency, in a school based traineeship. I worked there every Friday for the year gaining experience and knowledge that you could only learn if you were in the industry. Some of the tasks that I was given to do were data entry, server maintenance, imagery editing, designing a website using an online program called Wordpress and making Ethernet cables.
As I liked the place where I was doing my school based traineeship I was also able to do my work experience with them.

**My aspirations;** next year I hope to finish my Certificate IV in Digital Technology in semester one and then in semester two be enrolled at Melbourne Polytechnics or RMIT in the city and be studying Technology as well as having a part time job somewhere in the industry.

My name is Alexander Ouzas. I am 17 years old and the youngest of three brothers. I have a casual position with Woolworths and follow Essendon in the AFL and Real Madrid in soccer.

I attended Lalor West Primary school from 2004 to 2010. The six years at primary school went so quickly that in a blink of an eye it was already my first day of secondary school at Parade College. I was at the Bundoora campus for four years. During 2014 I was not sure what career path I wanted to pursue in the future. Towards the end of Year 10 I decided to enrol into the VCAL Program at the Preston campus. The Pathways Program offered a variety of options such as Sport, Information Technology, Hospitality, Retail, Business and many more.

My first days at Preston were very nervous times. The familiarity of Bundoora was gone. I was not familiar with some of the teachers, but knew some of the students who were previously at the Bundoora campus like myself.

Currently I am studying four subjects and three VET certificates. Literacy and Numeracy are compulsory, as are subjects like Personal Development Skills and Work Related Skills. The three VET subjects that I did last year were Certificate III in Business, which is part of our curriculum, Certificate III in Sports and Recreation at and Certificate III in Digital Media and Technology.

I have commenced my final year (Year 12) at Preston. I am continuing the VET courses and subjects that I studied in Year 11. In October 2015 I was honoured by being selected to be one the Prefects of the Preston campus.

What does the future hold for me? Firstly, to complete Year 12. Once I graduate from Parade, fingers crossed, I hope to be an accepted into a Sports and Recreation Course at TAFE, which upon completion could lead to a course in Physiotherapy which is my career goal. Hopefully, I’ve made my family proud with my achievements to date and hope that I am successful and achieve my goals for the future.

My name is Kyle Thomas and I am a student at Parade College in Year 12. My culture is Aboriginal and my tribe is Yorta Yorta. I speak about five languages but I am still learning them. I was born in New South Wales in a small town called Bega and I moved to Melbourne when I was five years old. I have three brothers and three sisters and I am the youngest in my family.

I think I’m unique because I am a good sportsman, mainly playing football and basketball. I’ve been to places like New Zealand because of my talent and skills. I guess my football is the thing that keeps me going, it’s my space and my time to enjoy something I like. I try to be a good leader and a good role model, I got to know others and make new friends, get to learn new skills. I am very shy and I would like to change that, I would like to get out more and meet new people and know who they are.

I am currently finishing my Year 12 VCAL course, the subjects I take are Literacy, Numeracy, Work Related Skills, Personal Development Skills and Business Certificate. I started the program in Year 10 when I did the Pathways Program here at Parade Preston. VCAL is a good option for students who want more hands on and want to get something out of VCAL. I am also doing Sport and Recreation as my VET subject this year. I work at an organisation called Sport Ready, who got me a job at the Thomastown PE Centre one day a week.

My hope next year is to play football, probably at the VFL level. Or I may continue to work for Sport Ready, as well as study more Sport and Rec at TAFE.
OPs turn out for ‘86 premiership trilogy reunion

Former players, officials and supporters who were part of one of the great eras of the Old Paradians’ Association Amateur Football Club have gathered to celebrate the 30th anniversary of the first, reserve and Under 19 grade triple Premiership year of 1986.

Convened by the football club, more than 80 people — amongst them 15 of the 20 senior players who took to the field at Elsternwick Park in the B Section senior Grand Final versus Old Xaverians 30 years ago — turned out at the Kent Hotel in Carlton to relive past glories.

Master of Ceremonies Graham Clarke called OPA President Mike Jolley to the podium to welcome those in the room and provide an update on current and future initiatives in the planning. He then called upon the ‘86 senior captain Steve Exton to present medallions specially struck for all those who were involved in the three respective Premiership-winning teams of that stellar year.

Video footage of the 1986 Grand Final and subsequent presentation was screened, as was a 700-image powerpoint presentation of photographs of the various functions, talent nights and footy trips of the time sourced from the files of the reputable club news service of the day, Shags’ Rag.

Reserve grade Premiership captain Chris Ray and senior Premiership hero Dominic Spillane, who jetted in from Sydney, both addressed the audience with their own recollections of a special time and place at the Garvey Oval. Spillane recalled that with the Garvey reduced to a mud heap in early ‘86 due to the inclement weather conditions, the then coach Gerard Sholly arranged for players to train with more footies in limited space in the Greening Auditorium — which proved a masterstroke later in the seasons when the grounds dried out.
"I started under Brendan Danaher when you were doing Indian file around and around the heavy deck, and along comes Sholly saying: ‘It’s a bit wet – how about we go inside and train?’,” Spillane said.

“All my coaches up until Sholly used to say ‘You’re kicking across goal. You’re kidding!’ Sholly encouraged it. He’d say ‘If you’ve got a bloke over there, switch it’ – and that was 1986.

“When I think of the 1986 year I think of more than just the Premierships. It was all about the people, who I always loved seeing, still do, which is why nights like this are fantastic.”

The 30th anniversary reunion of the 1986 Premiership 1986 evening, organised by Peter Gilmartin, set up a great weekend for the club, with its current senior team notching its third successive victory – a thumping 71-point hammering of Therry - at home in Bundoora.

**Old Paradians Academy - developing young football talent**

The Old Paradians’ Association Amateur Football Club is investing in local junior football development through its Academy program, the most recent of which was recently held over four sessions in July.

Targeted at Parade College students and members of local junior clubs, participants received theoretical and practical tuition on the fundamentals of the game. Taking charge as Academy Director was Adam Pattison, the former Richmond, St Kilda and Hawthorn player, and now TAC assistant coach. A final year student of Parade in 2003, Adam has returned to play with the Old Paradians’ in 2016.

“We were thrilled with the number of nominations received in our first year, from players ranging from under 14 to Colts age groups,” said Adam, who is pictured with one of the Academy graduates Ryan Gleeson. “The level of engagement by players and parents was fantastic. “Our aim is to develop boys and girls to become better footballers through learning modern philosophies and strategies being implemented at AFL level and through the AFL Talent pathway programs.”

Gina Marrone, mother of two boys involved in the Academy, was impressed with the program content and the quality of coaching provided. “Adam showed he is a very experienced junior development coach in the way he was able to interact with players to find out what they want from the program,” said Gina. “I was also impressed by the small group tuition being provided by other coaches and senior players from the Old Paradians club. The participants really enjoyed the program and I would recommend it to parents to nominate for the next program in 2017.”

Expressions of interest in the 2017 Academy Program can be made through the Old Paradians’ Association Amateur Football Club via oldparadiansafc@gmail.com

Each month a profile of one of the POP members will appear in the Newsletter – this month its Gerard Love.

1. How long have you been a part of the POP committee? Seven years
2. Who in your eyes, is one of the more important people in Australia's history? Captain Cook
3. Where is the most awe inspiring place you have been? Antarctica (Casey Inland 1000 km)
4. What movie would you recommend? The Sting
5. What do you do to get rid of stress? Sleep
6. What is something you are obsessed with? Machinery (how things work)
7. Who is your favourite entertainer (comedian, musician, actor, etc.)? Robin Williams
8. What's your favourite way to waste time? TV
9. Do you have any pets? What are their names? Yes, Rolly
10. Who do you barrack for in the AFL? Carlton
11. Name three people (alive or dead) you would invite to dinner. Winston Churchill, Douglas McArthur, Douglas Mawson
12. Which country are you yet to visit that you would really like to see? Alaska

POP Mega Raffle
The POP MEGA raffle has launched with first prize being a Thermomix valued at over $2000. Win your family a Thermomix for Christmas tickets only $10. Tickets will be available from Reception and any POP member.

Help required for upcoming events
Working Bee
Bundoora and Preston Campus, this Sunday 21 August from 8.00am. Many jobs around school grounds to be actioned. BBQ sausage sizzle lunch with drinks provided by POP

Parade College & Mercy College Drama Production – The Importance of Being Earnest
7.30pm Rivergum Theatre Bundoora 25, 26, 27 August. POP is seeking the assistance of one person for canteen sales before the show and during intermission.

Next Meeting
Wednesday 7 September 2016
Boardroom - Bundoora
