During the course you will also have the opportunity to apply your electrotechnology knowledge and skills via practical projects. These sessions will be conducted at the College's onsite training facilities.

Assessment:

A range of assessment methods are used throughout the course including workbook activities, written tests and practical skill demonstrations. You will receive detailed assessment information on commencement of each unit.

Course Requirements

During orientation you will be informed of any specialist clothing, footwear, equipment or materials required of the course.

Credit Transfer and Recognition of Prior Learning

Credit Transfer (CT) is the recognition by a registered training organisation (Parade College) of the qualifications, certificates and/or statements of attainment issued by other registered training organisations, universities and TAFEs. While Recognition of Prior Learning (RPL) recognises the knowledge and skills you have gained through previous informal training, and past work and life experience.

If you think that you might be able to apply for CT or RPL, talk to Mr McKay, Executive Officer - RTO, preferably before course commencement.

Further Training and Employment Pathways

Further Training:

After satisfactorily completing the 22261VIC graduates may undertake a range of electrotechnology related units and qualifications including UEE30811 Certificate III in Electrotechnology Electrician.

Employment:

After achieving 22261VIC graduates may commence an apprenticeship in electrotechnology.
